Limited Warranty – This Inspection does not carry any warranty on the current and continued operation of inspected plumbing fixtures. This Inspection serves only as an "AS IS" status report. If customer agrees to have repair work performed, the technician will explain pricing schedules and rates and prepare a separate service ticket. Payment of this Inspection and any accepted work is due upon completion. Trademasters' work generally offers a one-year warranty on new installed parts as set forth on back of invoice – please confirm with technician.
